Braid Styles

FREEHAND BRAIDS

ROUND BRAID
(4 sections)

Simple, beautiful and tough. Perfect for occasional to medium wear.

SQUARE BRAID
(8 sections)

A tight, hardwearing braid that stands up well to everyday wear, including around the stable yard.

JAPANESE BRAIDS

Japanese Braids are worked on a special braiding stand which allows for greater braid complexity and variation. They are tightly woven thus extremely hard-wearing.

- REQUIRES LONG HAIR
- BRACELET LENGTH ONLY
- AVAILABLE IN MEDIUM OR WIDE THICKNESS BRAIDS

CHEVRON ROUND BRAID
(16 sections)

CHAIN BRAID
(16 sections)

FLAT BRAID
(16 sections)

BRAID THICKNESS

The image shows 3 examples of the square braid at different thicknesses.

- LEFT- **THIN (4mm)**
MIDDLE- **MEDIUM (5mm-6mm)**
RIGHT- **THICK (7mm-8mm)**

Braids made from smaller sections of hair are more secure than larger ones. For this reason, not all types of braids are available in the thicker widths.

We offer a selection of decorative beads with different hole sizes to fit the various braid thicknesses.

BASIC BRACELET PRICES

Bracelets come standard with round ends and a lobster clasp.

Lobster clasp

(Depending on availability, clasps styles may vary slightly from the images shown)

STAINLESS STEEL CLASPS

Although not sterling silver, these clasps are sturdy and well made. They are tarnish-free and a good match for other sterling silver parts you might want to add to your bracelet. They replace the standard round end caps that would usually form part of the bracelet.

PLEASE NOTE: THEY ARE NOT COMPATIBLE WITH ANY HANGING CHARMS.

Tube clasp

Magnetic spoon clasp (engravable)

Magnetic infinity clasp

INFINITY MAGNETIC CLASP* (Medium only)	-R100 discount
MAGNETIC SPOON CLASP* (Medium only)	-R100 discount

End Caps

End caps are used to secure the ends of the hair and attach it to the clasp. Unless specified, bracelets come standard with plain round end caps.

For medium thickness bracelets only, we offer 2 alternatives:

Standard round ends

Square ends (medium width)

Hoof print ends (medium width)

ROUND ENDS	standard	thin, medium and thick
SQUARE ENDS	+R160	(for medium braids only)
HOOF PRINT ENDS	+R90	(for medium braids only)

Rings

FLAT BRAIDED CHANNEL RING

R2200

A 16-section Japanese style flat braid is set into a channel at the front of the ring. The band is tapered at the back for comfort.

Braid width is about 4mm.

Engraving on the inside of the ring band is available at normal engraving rates.

HEAVY-WEIGHT CHANNEL RING

R2900

Based on our standard channel ring but upsized in terms of width and thickness, using more than twice the weight of silver. Perfect for very large hands. The front of the rings is squared off very slightly, but also tapers at the back for a comfortable fit. Braid width is between 7-8mm wide.

Engraving on the inside of the ring band is available at normal engraving rates.

LOERIE RING

R2300

A 12mm diameter resin casting is incorporated into a horse shoe shaped setting on a plain band tapered at the back for comfort. Sterling silver.

Engraving on the inside of the ring band is available at normal engraving rates.

NOTE:

All rings are made to size. You will need to provide us with measurements when you order.

Resin & Glass

Hair is cast inside resin or, in the case of white hair, set beneath glass and fitted inside a handmade sterling silver setting. Hair, feathers or ashes from almost any animal can be used. Chains, chokers and engraving as available as extras.
